WHY MOPAR®?

WHY US? THAT'S A GOOD QUESTION.

For starters, we were there when your car was just a sparkle in a designer's eye. We were there from idea to clay model to production line. No one understands your entire car's functionality, spirit and philosophy like us. **We design your car. We engineer your car. We build your car.**

WE MAKE THE BEST PARTS.

Many aftermarket providers lose sight of one of the most important aspects of making an incredible part – the rest of the car. At Mopar®, we're all about **performance without compromise**. That means our parts will enhance your vehicle without compromising everything else you like about your car. How does an individual part perform on its own? How does it fit and function within the system it's connected to? We make sure our parts go above and beyond answering these questions. Our parts are always designed to complement your car's aesthetic, functionality and performance.

ORIGINAL EQUIPMENT vs. REVERSE-ENGINEERED.

You need correct measurements to build the absolute best parts to maximize your vehicle's horsepower, speed and handling. Aftermarket parts providers can spend countless hours reverse-engineering their parts. They try to work backwards in hopes of getting it right. **Only Mopar® knows** and utilizes your vehicle's *exact* measurements all the way down to the nuts and bolts.

WE ARE THE EXPERT'S EXPERTS.

Being the OEM gives us exclusive access to data and generations of real-world testing. With Mopar®, we provide the **most precise-fitting parts**, unparalleled engineering, an integrated design approach, and unrivaled testing facilities and resources. These are the significant advantages that give us the power to push your car's performance to the next level.

WE TEST LIKE WINNING DEPENDS ON IT. PERIOD.

Imagine a Mopar® performance part and an aftermarket part side by side. They may look similar, but are they really? We put our performance parts through a **rigorous testing process**. And we take full advantage of the considerable FCA US LLC partnerships, resources and state-of-the-art testing facilities at our disposal. We're proud to say that all our performance parts pass our demanding standards before we even think about giving the OK to sell them to you.

- Extensive temperature testing in extreme cold and hot weather
- Corrosion tanks that simulate all-weather conditions
- X-raying of raw materials and finished parts to confirm a high level of quality
- Comprehensive crash testing for overall safety
- Simulated mileage tests to ensure optimal performance over time

YOU CAN HEAR, SEE AND FEEL THE DIFFERENCE.

The difference in design, testing, engineering and quality between Mopar® and the aftermarket is clear when it comes down to your car's **speed, handling, quality, safety and looks**. And in the end, that's what performance is all about.

DODGE CHALLENGER

You own an icon. But now it's time to rule the streets. If you're ready to unleash the full power of your Challenger, there's no better place to be for authentic, aggressive and obsessively tested performance parts. Maybe you're ready to add swag and horsepower with a shaker hood and cold air induction kit. Or maybe you want the party to know you've arrived by installing a new exhaust system. No matter what you're looking for, you'll find what you need to take your Challenger to the next level.

SUSPENSION UPGRADES AND COMPONENTS

STAGE 1 PERFORMANCE SPRINGS

These performance springs are for Challenger owners who desire a sporty, yet comfortable, ride. They reduce ride height up to 1.0" for that low, custom look. The high tensile spring material ensures durability. Set of four.

2008-2019, Challenger V8, **P/N P5155436** \$295.00

Note: Not compatible with Adaptive Dampening Suspension (sales code SMC).

STAGE 2 SUSPENSION UPGRADE KIT

Enhance your driving experience by installing an upgraded package to convert the suspension to the same as Track Pack for R/T.

Package contains springs, shocks, shock isolators and jounce bumpers.

2011-2019, Challenger RWD, **P/N P5155435AD** (Fig. d) \$625.00

Note: Excludes sales code SMC.

d

STAGE 3 COIL-OVER LOWERING KIT

This coil-over damper kit will lower your Challenger by 1.25" while lowering the center of gravity and increasing stability when cornering. Preserves ride quality. Set of four and all applicable hardware.

2011-2019, Challenger V8, **P/N P5155942** (Fig. e) \$1,875.00

Note: Not compatible with AWD. Excludes sales code SMC.

ANTI-SWAY BAR KIT

Increase steering response and handling. These bars are recommended for use with the Stage 3 Coil-Over Lowering Kit (P/N P5155942).

Front: 32mm, Rear: 19mm

2008-2019, Challenger RWD, 5.7L/6.1L, **P/N P5155239** (Fig. f) . . . \$525.00

g

STRUT TOWER BRACES AND CAPS

These transverse-mounted horizontal tower braces will enhance structural rigidity, steering response, directional stability and vehicle handling. Made of heavy-duty steel and supplied with all applicable mounting hardware.

- Performance - Front Strut Tower Brace
2008-2019, Challenger, 5.7L/6.4L, **P/N P5155950** (Fig. g) . . . \$375.00
Note: Not compatible with Shaker or SRT® Hellcat.
- Performance - Front Strut Tower Brace
For vehicles equipped with Shaker Package.
2014-2019, Challenger, 5.7L/6.4L, **P/N P5160082** (Fig. h) . . . \$425.00

- Performance - Rear Strut Tower Brace
2011-2019, Challenger, 3.6L/5.7L/6.4L, **P/N P5155951AB** . . . \$525.00
- Performance - Strut Tower Caps
Billet, sold as a pair.
2011-2019, Challenger, **P/N 77072464** . . . \$165.00
- Strut Tower Bracket Kit
Includes Front (P/N P5155950) and Rear (P/N P5155951AB).
2015-2019, Challenger 5.7L/6.4L, **P/N P5155983** . . . \$775.00
Note: Not compatible with Shaker or SRT® Hellcat.

PURSUIT BIG BRAKE KIT

Includes front rotors, pads, calipers, brake hoses, dust shields and mounting hardware. Features include larger 14.6" (370mm) single-piece cast rotors (vs. 13.6"/345mm), improved fade resistance, increased caliper piston size to 2 piston x 45mm (vs. 2x42mm), increased front effective radius to 152.2mm (vs. 148.2mm) and decreased stopping distance over stock. Same as Charger Pursuit brake package.

2015-2019, Challenger, non-SRT® or Stage Kit-equipped vehicles **P/N P5160035AB** (Fig. m) \$825.00

Note: Upgrade requires 20"x8" or larger wheels. Fits vehicles with BR5 and BR6.

STAGE PACKAGES

STAGE PERFORMANCE PACKAGES

Three Stage Performance Packages offer a range of horsepower and torque improvements for your 5.7L HEMI® engine-powered Challenger. Start with Stage 1, which includes a cold air kit, cat-back exhaust and recalibrated powertrain control module. Move to Stage 2, which includes a camshaft, valve springs, tie bar kit, heavy-duty pushrods, and an upper and lower gasket set. Stage 3 comes with new CNC-ported high-flow cylinder heads, gasket set, 6.4 Apache (SRT®) exhaust manifolds and catalyst, mounting brackets and hardware. Must have Stage 1 and 2 Packages to install Stage 3 Package. Stage Packages 1, 2 and 3 come with badges for Challenger models. All Stage 1 Kits give up to an additional 20 hp and 23 lb.-ft. of torque for Manual and Automatic Transmissions.

BRAKES

PERFORMANCE UPGRADE PAD AND ROTOR KIT

Mopar® Front and Rear Pads and Rotors improve performance in cold and wet weather. Features include slotted rotors to continuously prevent glazing and improve initial bite, OEM-sized rotors that allow retention of existing factory calipers, black e-coated rotor hats that meet FCA US LLC standards for durability and corrosion resistance, and high Max Operating Temperature (MOT) friction material to reduce fade.

2015-2019, Charger, RWD R/T, **P/N P5160048** \$550.00

Note: Fits vehicles with BR5.

SRT® HELLCAT BRAKE UPGRADE PACKAGE

For vehicles equipped with four-piston brakes. Four-corner brake package includes (red) six-piston calipers (front), four-piston calipers (rear), rotors, pads and hardware.

2012-2019, Charger, SRT® only, **P/N 77072382** \$3,670.00

Note: Fits vehicles with BR4.

PURSUIT BIG BRAKE KIT

Includes front rotors, pads, calipers, brake hoses, dust shields and mounting hardware. Features include larger 14.6" (370mm) single-piece cast rotors (vs. 13.6"/345mm), improved fade resistance, increased caliper piston size to 2 piston x 45mm (vs. 2x42mm), increased front effective radius to 152.2mm (vs. 148.2mm) and decreased stopping distance over stock. Same as Charger Pursuit brake package.

2015-2019, Charger, non-SRT®, **P/N P5160035AB** (Fig. b) \$825.00

Note: Upgrade requires 20"x8" or larger wheels. Fits vehicles with BR5 and BR6.

SUSPENSION UPGRADES AND COMPONENTS

STAGE 1 PERFORMANCE SPRINGS

These performance springs are for Charger owners who desire a sporty, yet comfortable, ride. They reduce ride height 1.0" for that low, custom look. The high tensile spring material ensures durability. Set of four.

2005-2019, Charger, 5.7L, RWD, **P/N P4510854** \$316.00

Note: Excludes Sales Codes SMC (Adaptive Dampening Suspension) and SER (Ride Adjustment).

STAGE 2 SUSPENSION UPGRADE KIT

Enhance your driving experience by installing an upgraded package to convert the suspension to the same as Track Pack for R/T. Package contains springs, shocks, shock isolators and jounce bumpers.

2011-2019, Charger, non-SRT® Vehicles, **P/N P5155435AD** \$625.00

Note: Excludes Sales Codes SMC and SER.

STAGE 3 COIL-OVER LOWERING KIT

This coil-over damper kit will lower your Charger by 1.25" while lowering the center of gravity and increasing stability when cornering. Preserves ride quality. Set of four and all applicable hardware.

2011-2019, Charger, **P/N P5155942** \$1,875.00

Note: Excludes Sales Codes SMC and SER.

ANTI-SWAY BAR KIT

Increase steering response and handling. These bars are recommended for use with the Stage 3 Coil-Over Lowering Kit P/N P5155942.

STAGE PACKAGES

STAGE PERFORMANCE PACKAGES

Three Stage Performance Packages offer a range of horsepower and torque improvements for your 5.7L HEMI® engine-powered Charger. Start with Stage 1, which includes a cold air kit, cat-back exhaust and recalibrated powertrain control module. Move to Stage 2, which includes a camshaft, valve springs, tie bar kit, heavy-duty pushrods and an upper and lower gasket set. Stage 3 comes with new CNC-ported high-flow cylinder heads, gasket set, 6.4 Apache (SRT®) exhaust manifolds and catalyst, mounting brackets and hardware. Must have Stage 1 and 2 Packages to install Stage 3 Package. Stage 1, 2 and 3 come with badges for Charger models. All Stage 1 Kits give up to an additional 20 hp and 23 lb.-ft. of torque for Manual and Automatic Transmissions.

2011-2017 Charger, **P/N 77072313AB** \$1,960.00

Note: Up to an additional 49 hp and 29 lb.-ft. of torque gains for both Automatic and Manual Transmissions.

Note: To see image of Stage 2 Kit, see page 18.

*5.7L HEMI® Engine, Stage 3,
2011-2017 Charger, **P/N 77072310AB** (Fig. i) \$4,635.00

Note: Up to an additional 68 hp and 43 lb.-ft. of torque gains for both Automatic and Manual Transmissions.

Prices shown are MSRP, do not include installation or taxes, and are subject to change.

*Federal law, and many state, provincial and local laws, impose vehicle emissions and safety standards that prohibit the use of a motor vehicle on public streets and highways if the vehicle is not compliant with such standards. FCA US LLC customers are responsible for complying with applicable federal, state, provincial and local laws, including environmental and safety laws, and for determining whether their modified vehicle complies with such laws. Vehicles with Stage Pack 2 and 3 Performance Packages installed are prohibited from operating on public streets and highways.

POWERTRAIN CONTROL MODULES

The Mopar® aftermarket powertrain control module for the 5.7L-equipped Charger has the Mopar® Stage 1 calibration for owners who may already have purchased a Mopar® Cold Air Intake and Cat-Back Exhaust System. For owners seeking custom engine packages to take their Charger to the next performance level, this PCM can be third-party tuned to optimize engine operation. (See representative image: Fig. j)

Suspension Upgrades **31**

Your Durango doesn't play by the rules and neither should you. A muscle car disguised in an SUV's body, you can equip your Durango with the performance parts you need to perfect your drive and your style. With horsepower gains to maximize your towing ability when you're in it for the long haul or improved suspension for unbelievable handling to deal with life's twists and turns, Mopar® gives you the power to push your Durango to the limits. Peak performance is in your future.

a

AIR INDUCTION SYSTEMS

Heat up your ride with a steady flow of cold air! This bolt-on system is designed to allow cooler outside air through a directional cone filter and funnel directly into the intake manifold. This kit provides noticeable horsepower and torque gains under varying atmospheric conditions. Kit includes all mounting hardware and a dry media, washable/reusable filter. (Do not oil.) (See representative image: Fig. a.)

Aerodynamics **36**

Brakes **37**

Suspension Upgrades **37**

Wheels **37**

No matter what reason you drive a Dodge Dart – its streamlined design, its integrated technology or its fuel economy – you can add performance to that list. Aerodynamic accessories lower your Dart's coefficient of drag and ups your style. A win-win. Your Dart is sporty, but with bigger brakes and a high-performance exhaust system it can become the unexpected head-turner in your neighborhood. With Mopar®, you'll get more performance and more power. And in the end, that means more fun – whenever and wherever you go.

AIR INDUCTION SYSTEMS

DART PERFORMANCE COLD AIR INTAKE KIT

This cold air intake upgrade kit gives your Dart more breathing power and increases thermal efficiency, especially in turbocharged applications. Cold air mitigates performance degradation when used in high-altitude conditions. Kit includes hoses, hardware and washable/reusable filter element.

Cold Air Intake Kit

2013-2014, Dart, 1.4L (requires Heat Shield P/N 55111488AA - \$24.45)

P/N 77070082 (Fig. a) \$391.00

P/N 77070083 \$332.00

Note: Not compatible with PZEV (ED8) vehicles.

PERFORMANCE HOOD AND VENTING

The Mopar® Performance Ram Air Duct delivers forced air to your engine compartment, providing additional boost to your 1.4L or 2.4L Dodge Dart engine. This part attaches to a factory Dodge Dart Sport Hood or Performance Hood, and includes an open front bezel to replace the production closed bezel. Must be paired with the Mopar® cold air intake for either engine to provide an even greater performance experience.

Ram Air Forced Induction

AERODYNAMICS

LOWER FRONT CHIN SPOILER

Improve the appearance and aerodynamic efficiency of your Dart by adding a front lower chin spoiler. Diverting air from under the car can actually improve fuel efficiency by reducing aerodynamic drag. The spoiler adds downforce at speed, which actually improves vehicle stability while adding a sporty design to your Dart.

2013-2017, Dart, **P/N 82213090** (Fig.d) \$196.00

LOWER REAR DIFFUSER

To improve the aerodynamic efficiency of your Dart, add a lower rear diffuser to effectively manage and direct airflow out from under the rear of the car. The rear diffuser lowers the coefficient of drag and improves performance, while adding increased downforce for greater stability at higher speeds.

2013-2017, Dart, **P/N 82213091AB** (Fig.e) \$330.00

Note: Not intended for AERO package (AYS).

LOWER SIDE SILLS

Adding side skirts will create better airflow as well as give your Dart a custom lowered look.

2013-2017, Dart, **P/N 82213092AB** (Fig.f) \$258.00

BRAKES

PERFORMANCE BRAKE UPGRADE STAGE 1 PAD AND ROTOR KIT

This brake upgrade kit gives your Dart more stopping power and increases resistance to fade under extreme circumstances, such as sustained track day high-performance driving or use in high-altitude conditions. Upgraded rotors are more resistant to corrosion and high-temperature warp or flex. Upgraded pad material provides added friction with firm and communicative brake pedal feel.

Front Brakes

2013-2017, Dart, **P/N P5156166** \$300.00

Rear Brakes

2013-2017, Dart, **P/N P5160016** \$205.00

PERFORMANCE UPGRADE STAGE 2 BIG BRAKE KIT

Improve stopping performance with this front big brake kit for the Dart. Includes larger, 330x28mm directional slotted rotors with race track-ready four-piston calipers in black with white Mopar® logo, performance brake lines and higher friction brake pads.

Front Brakes

2013-2017, Dart, **P/N P5156167AC** (Fig. g) \$1,895.00

SUSPENSION UPGRADES

PERFORMANCE SUSPENSION

The Mopar® high-performance coil-over suspension is specially designed to match the performance of the Dart. Springs and dampers were tuned by Mopar® engineers to improve handling, turn-in response and cornering grip. The suspension lowers ride height 10mm on average (front height is adjustable).

2012-2017, Dart, **P/N 77072346AB** \$1,585.00

DART PERFORMANCE REAR ANTI-SWAY BAR KIT

This rear anti-sway bar upgrade kit gives your Dart more handling power and increases resistance to body roll under extreme circumstances, such as sustained track day high-performance driving. Upgraded anti-sway bar is 17mm in diameter compared to stock 13mm or 15mm. Kit includes rear anti-sway bar, bushings and all applicable attachment hardware.

2013-2017, Dart, **P/N 77070068AB** (Fig. h) \$424.00

WHEELS

These Satin-finished 18" Forged Aluminum Alloy Wheels provide your Dart with less unsprung weight to improve handling and increase grip by accommodating lower-aspect ratio, high-performance tires. The black satin finish stays clean and is highly resistant to brake pad dust residue. Kit includes wheel and center cap.

Dart Performance Wheels

2013-2017, Dart, **P/N 77070080** (Fig. i) \$395.00

Note: Also fits Chrysler 200.

CHRYSLER 300

Luxury, redefined. Performance, amplified. Make a statement on the street with your Chrysler 300 by adding a deeper tone with our cat-back exhaust systems, or enhance your handling dynamics with bolt-on suspension parts. The Chrysler 300 is bold, but with Mopar, you can always be bolder. By increasing your car's performance with extra horsepower or upgrading the brakes, get used to people staring. They've never seen a 300 perform like this before, and you've never driven one that could – until now.

Note to Dealer

59

At Mopar®, it's our obsession to deliver the highest-quality parts. We test our parts to the extreme and with all the resources we have available. Every new vehicle is covered by an extensive warranty, and Mopar® provides an industry-leading Basic Limited Warranty for Mopar® parts. See the Dealer for additional parts warranty information.

MOPAR® BASIC LIMITED WARRANTY

Except as noted below, Mopar® Parts and Magneti Marelli Offered by Mopar® parts installed by an authorized FCA US LLC dealership, including Chrysler, Dodge, Jeep®, Ram, FIAT® and Alfa Romeo locations are warranted against defects in workmanship or materials for 24 months/unlimited miles for both parts and labor. Mopar® Parts sold wholesale to an automotive service facility and installed by a professional technician are warranted against defects in workmanship or materials for 24 months/unlimited miles for parts and up to \$150.00 in labor. Mopar® Parts and Magneti Marelli Offered by Mopar® parts sold over-the-counter for vehicle owner or do-it-yourself installation are warranted against defects in workmanship or materials for 24 months/unlimited miles for parts exchange only.

Mopar® Parts and Magneti Marelli Offered by Mopar® parts replaced on an FCA US LLC vehicle still covered by the FCA US LLC New Vehicle Basic Limited Warranty are warranted for the remainder of the 3-Year/36,000-Mile New Vehicle Basic Limited Warranty, or for the Mopar® 24-Month Basic Limited Warranty from the original installation date, whichever is more favorable to the customer.

The Mopar® Basic Limited Warranty covers the cost of towing a vehicle to the nearest authorized FCA US LLC dealership if the failure of a covered part causes the vehicle to be inoperative. If a Mopar® part or a Magneti Marelli Offered by Mopar® part is installed in an FCA US LLC vehicle by an authorized FCA US LLC dealer, and if, while that part is still under warranty, it causes other parts to be damaged or to fail, those other parts will be repaired or replaced under warranty, regardless of whether the other parts were covered by an FCA US LLC warranty at the time of failure. These warranties are the only express warranties made by FCA US LLC for Mopar® Parts and Accessories and Magneti Marelli Offered by Mopar® parts. Except where prohibited by law, this warranty is the sole and exclusive remedy. No person, including a dealer or employee of FCA US LLC or its affiliated corporations, has the authority to vary or change these warranties.

Mopar® Parts and Magneti Marelli Offered by Mopar® parts sold with a separate manufacturer's warranty are not eligible for the Mopar® warranty. Warranty information on these parts is provided with the part or in its packaging. Examples include: Garmin navigation, TomTom navigation, Katzkin leather, Koss headphones, truck bedliners, paint sealant and fabric protection.

EXCEPTIONS

The following Mopar® products have time and mileage limitations or warranty coverage that differs from the general coverage described above: Mopar® Batteries, Magneti Marelli Offered by Mopar® Batteries, Mopar® Collision Parts, Mopar®

Windshield Made with Corning Gorilla Glass, Mopar® Catalytic Converters, Mopar® Gaskets and Seals, Magneti Marelli Offered by Mopar® Catalytic Converters, Mopar® Powertrain, Mopar® Remanufactured Powertrain, Mopar® HEMI® Crate Engine Kit, Mopar® Performance Parts, Mopar® Lifetime Limited Warranty on Value Line Brake Pads/Shoes, Value Line Shocks/Struts and Value Line Mufflers, Magneti Marelli Offered by Mopar® Brake Pads/Shoes and Shocks/Struts.

MOPAR® PERFORMANCE PARTS LIMITED WARRANTY & EMISSIONS STATEMENT

NOTICE

Federal and many state laws prohibit the removal, modification or rendering inoperative of any part or element of design affecting emissions or safety on motor vehicles used for transporting persons or property on a public street or highway. Violation may result in a fine imposed for each vehicle impacted. Many performance parts listed in this catalog cannot be used on vehicles used on public streets or highways. These parts may be used only on vehicles used solely in sanctioned off-highway events. No other applications for these parts are intended or implied. Those parts that have been granted an exemption by the California Air Resources Board (CARB) or meet the EPA requirements of memorandum 1A are legal for highway use in California, New York and Massachusetts and are noted as such.

NO PARTS WARRANTY - "AS IS"

Mopar® Performance Parts with part numbers beginning with "P" are sold "as-is" without warranty coverage of any kind by Mopar®, unless otherwise noted.

Mopar® Performance Gen II crate engine assemblies are warranted for "parts only" "as delivered" against defects in materials or workmanship for 90 days from the date of purchase. The following covered components for Mopar® Performance engine assemblies, which prove to be defective in materials or workmanship, will be replaced on an exchange basis for 90 days: cylinder blocks and all internal parts; cylinder head assemblies; intake manifold; core plugs; valve covers; oil pan; timing gear and/or chain and cover; water pump; gaskets and seals.

Other parts listed with a "PW" prefix part number are covered under a 12-Month Limited Warranty. "PW" prefix parts installed by an authorized dealer are warranted against normal defects in material and workmanship for 12 months/unlimited miles from the date of purchase for both parts and labor. "PW" prefix parts NOT installed by an authorized dealer are warranted against normal defects in material and workmanship for 12 months/unlimited miles from the date of purchase for parts (exchange) only. The warranty does not cover labor charges or applicable taxes. CUSTOMER MUST KEEP ORIGINAL RECEIPT.

The limited warranty period starts on the day the part is sold, as reported on the sales receipt, to the consumer. The limited warranty is not transferable. When the vehicle is sold or otherwise disposed of (i.e., the vehicle is no longer titled in consumer's name), the limited warranty ends. CONSUMER MUST KEEP ORIGINAL RECEIPT.

Implied warranties, such as warranties of merchantability, are excluded. (An implied warranty of merchantability means that the part is reasonably fit for the general purpose for which it was sold.) The entire risk as to quality and performance of such parts is with the buyer. Should such parts prove defective following their purchase, the buyer and not the manufacturer, distributor or retailer, assumes the entire cost of all necessary servicing or repair. Chrysler, Dodge, Jeep® and Ram vehicle and parts warranties are voided if the vehicle or parts are used for competition. The addition of performance parts does not by itself void a vehicle's warranty. However, added performance parts (parts not originally supplied on the vehicle from the factory) are not covered by the vehicle's warranty, and any failure that they may cause is not covered by the vehicle's warranty.

Mopar® Limited Warranties do not cover any incidental or consequential damages connected with the failure of the part under warranty. Such damages include lost time, inconvenience, the loss of the use of your vehicle, the cost of rental cars, gasoline, telephone, travel or lodging; the loss of personal or commercial property; or the loss of revenue. Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitations or exclusions may not apply to you.

Your warranties can also be restricted by FCA US LLC, as set forth in the New Vehicle Limited Warranty. If your New Vehicle Limited Warranty is restricted by FCA US LLC, coverage under your Mopar® Parts and Accessories Limited Warranties may also be restricted or denied.

EMISSIONS STATEMENT

Mopar® Performance customers are responsible for complying with applicable federal state and local environmental laws and regulations. Many Mopar® Performance Parts and components are designed to be equipped in vehicles that are operated not on streets or highways (such as vehicles intended for competition or off-road use). Motor vehicles designed for transport on streets or highways and equipped with such parts may cause such motor vehicles to be out of compliance with applicable emissions standards. It may be a violation of federal and state law to operate such motor vehicles equipped with such parts, except where vehicles equipped with such parts are operated not on streets or highways and where such vehicles lack features customarily associated with safe and practical highway use.

If you install such parts on a motor vehicle, and your motor vehicle fails a required state or local inspection and

maintenance (I/M) emissions test, including any test required to maintain or renew your motor vehicle's registration, or if your motor vehicle is subject to an emissions recall, in either case, FCA US LLC may not be required to repair your motor vehicle under the emissions warranty, and you may be required to remove those parts and replace them with other parts at your own expense in order to obtain repairs necessary to pass the I/M emissions test or to ensure your motor vehicle is compliant with applicable emissions standards after the recall repair.
