

**FALCON RIDGE**

2515 Bypass Rd. Flemingsburg, KY 41041  
606-845-7439

**Instructions for Installation and Care of**  
**John Deere XUV 835 Soft Top Cap**  
JD-835-TC01

**Notice: Do not smoke inside the cab or expose the enclosure to direct flames. Cab is Flammable.**

1. Be sure to read these instructions thoroughly before opening and installing the John Deere 835 Enclosure. The installation is best done when the temperature is 70 degrees F. or warmer. This is to allow the Velcro to stick to the roll cage better, if you must install outside in the cold it will help to warm the Velcro inside at room temp. until ready to install.
2. Check over the parts included in the carton with the parts list shown below:

**Velcro Hook strips:**

**Top Cap**

Webbing Strap w/ Loop	4 each	45"
-----------------------	--------	-----

**Top Cap**

1. Included in the package are four webbing straps with a loop sewn on one end. These will be used to secure the Top Cap.

2. Raise the hood of the Gator. Located just under the side panels are two main frame bars that run across the front corner of the vehicle. Reach under the fender or in the hood compartment and wrap the looped end of the strap around this bar and back through the loop so it won't come loose. Next you will see a small gap between the frame and the hood in the bottom corner of windshield. Take the strap and run it through this gap then pull it through until it pulls tight. The photos below shows how it should look.

3. In the rear take the straps and wrap them around the side bars of the bed as shown in the photo below. **If you are installing the Top Cap as a standalone item you may also wrap the strap around the roll cage just under where the netting attaches.**

4. Now pull the strap up and run them through the buckles sewn into the rear corners of the Top Cap as shown in the photos below.

5. Now your enclosure should be complete. With proper care your cab should last for years to come. Enjoy!!!

### **Cleaning and Storage Recommendations:**

1. Before removing the Falcon Ridge Cab for storage, make sure it is very clean in order to prevent scratching of the window panels. Clean with a soft rag or sponge using a mild liquid detergent soap and warm water solution. Never rub the windows with a dry cloth or rag! Let the Cab dry thoroughly before attempting to roll for storage.
2. It is important that the Cab be rolled up for storage rather than folding. Folding will cause damage to the windows!!! Carefully roll up the Cab similar to the way it was when it was packed at the factory. On a large, clean and flat surface, fold the doors over the rear panel first, then, interleave the top and windshield on top of the doors. Begin rolling the Cab into a roll approximately 8 inches in diameter. Put the rolled Cab back into the carton for storage at a normal room temperature. It is best not to expose the Cab to either extreme hot or cold temperatures when storing.
3. A special cleaner conditioner is available from Falcon Ridge that will greatly increase the service life of the Cab Enclosure. In addition, if additional hook and loop sets are needed, they can also be ordered.

## Return Policy

If for any reason you choose to return this product it must be returned within **30 days from date item is received**. You **MUST** package the product exactly **as it was originally packaged from the factory to get a full refund for the product!**

The vinyl windows should never be folded when packaging in the box or for storage purposes. Lay all the windows on top of each other with the canvas folded in between and the paper (if available) on both sides of the windows.

**All returned products will be inspected upon arrival at the production facility and must be in unused, factory new condition to receive refund - a 25% restocking fee will apply.**

If ordered from Falcon Ridge please call at 606-845-7439 to gain a return authorization number, use our preferred shipping carrier (UPS) to return the item (unless the item is defective, you are responsible for paying the shipping to return the item.) **Any returns submitted to Falcon Ridge without a return authorization number will be charged a 20% restocking fee.** If ordered from one of Falcon Ridge's many distributors, you must first call them and see what their return policy is. Once your item reaches our production facility, our customer satisfaction team will inspect your item to ensure unused, factory new condition. **NOTE: All windshields must be returned with the original protective film intact and not removed. Do NOT REMOVE if you have any intentions of returning the item. Refund/ replacement of a windshield will only be processed on items with original protective film or if the windshield is defective.**

Items must be properly packaged in the original shipping carton to protect them during transit and ensure your returned item arrives back factory fresh, and in new resalable condition (**any returned items that have been used, altered or damaged in any way will not be subject for a refund.**) All contents including instruction manuals, accessories, hardware, Velcro, etc. must be included in your return shipment. Only items in OEM factory new condition will be approved. Once returned items are received, credit will be issued to the original credit card/ payment method used for the purchase. Outbound shipping and return shipping cost will not be refunded. Please allow 4 to 6 weeks for your refund to be processed.
