

SOLITUDE

cottonwood 48120 + fawn 48516 + urban ash 48540

peace of place

Find strength in Solitude LVT, a collection of wood and stone visuals in subtle shades of quiet. Constructed in 5mm thickness for smoother flow without transition strips, and an innovative silencing layer to reduce sound transfer. Embossed grain textures from light to medium give a realistic look and feel.

Solitude is available in twelve subdued tones, a palette designed to work alone or plank together. Go with the color flow. Calm and be calmed.
