

AWARDS HONORING OUR MEN & WOMEN OF THE MILITARY

Antique Brass American Eagle Patriot Trophy Series

Below is our high-quality line of metal clad resin eagles. They have a heavy electroplated coating of copper that is then plated with an antique brass finish. The bases are walnut finish wood or black marble. The plates are a matte gold finish which engraves black. If you prefer, we can supply a black plate that engraves gold. The intricate detail and quality finish on the eagles is unmatched in our industry. Trophies are packed in a protective Styrofoam box. All pricing can be found in the centerfold along with the engraving price for each trophy.

Antique Brass & Bronze Military Figure Trophies

Military Plaques Covering All Four Branches

Below we offer 4" embossed metal medallions showing four branches of the military. The medallions are mounted on either a piano finish cherry board or a genuine walnut board. The board sizes are either 8" x 10" or 9" x 12". The plate colors are black or blue with a gold border which matches the medallion. All plates engrave through in gold. Each plaque is individually packaged in a presentation box. All pricing can be found in the centerfold along with the engraving price for each plaque.

National Guard Plaques & Eagle Plaques

Shown on this page are our National Guard and eagle plaques. The minuteman figure is fully modeled with an antique bronze or brass finish. The boards are piano finish cherry, walnut finish, genuine walnut, or walnut veneer. The engraving plates are black screened brass with a gold border or copper. We show one perpetual plaque. If you need a perpetual plaque with more plates, please inquire. The black plates will engrave gold, and the copper plate will have oxidized letters. All plaques are individually boxed. All pricing can be found in the centerfold along with the engraving price for each plaque.

Military and Government Personalized Desk Blocks

Below are sixteen genuine walnut desk blocks depicting a government agency or military branch. The 2" medallions are either embossed printed medallions or etched soft enamel brass medallions. We have matched the medallions with the appropriate color engraving plate. The engraving on the colored plates will show through in gold, while the engraving on the gold or silver plates will show through in black. All desk blocks have been priced with up to three lines of copy. All pricing can be found in the centerfold, along with your engraving price for each nameplate.

Traditional Walnut Finish Carved Wood Column Trophies

Gold Metal Trophy Cups on Wood Bases: Italian and American Made Quality

Below are three different style trophy cups offered in a gold finish on a walnut finish wood base. The trophies are shown with a matte gold or black engraving plate. The color of the plates can be changed on each trophy. The engraving on the gold plates shows through in black and the engraving on the black plates shows through in gold. Both the stem and the cup are metal. One of the trophies shows a sports figure and one shows a 2" medallion. All figures and medallions are interchangeable. We can also offer any of the other cups with a lid and figure, which must be quoted. The medallion selection can be found on page 13. We carry over 150 trophy figures, including every sport. All pricing can be found in the centerfold along with the engraving price for each trophy.

Silver Trophy Cups on Wood Bases: English, American & Italian Made Quality

Below are five different style trophy cups offered in a bright silver finish on black wood bases. The trophies are either shown with a matte silver plate (engraves black) or a black plate (engraves silver). You may change the color of the plate on each trophy. All cups are metal. Trophy figures are not available with this series. All pricing can be found in the centerfold along with the engraving price for each trophy.

Silver Trophy Cups on Wood Bases: English, American & Italian Made Quality

High Quality Polished Stainless Steel Bowls, Tankard & Wine Cooler

These high-quality awards are ideal for government agencies and military recognition. In addition, they are very popular for golf and tennis tournaments. All the items can be engraved with text and logos, along with the matte silver plates. The plates engrave black. Logo engraving will require an additional template charge which has to be quoted. The bases shown are either walnut finish or black wood. Pricing can be found in the centerfold along with the engraving price for each award. Logo pricing not shown, please inquire.

American Flag, Patriot, Military & Years of Service Lapel Pins

The variety of pins below cover all branches of the military, along with several American Flag pins, veteran pins, and government years of service pins. All pins have a nail and military clutch back. The government years of service pins have a high-quality spring-loaded clutch back. We have a pin box available at an extra cost. All pricing can be found in the centerfold.

American Flag, Patriot, Military & Years of Service Lapel Pins

Custom 3-Dimensional and 2-Dimensional Medals

The wide selection of medals below represent die striking in brass and bronze, and die casting in zinc. Some of the medals are modeled three-dimensional and others are two-dimensional without modeling. The finishes range and include antique brass, silver, bronze and gold plating. We also show epoxy enamel on several medals. Ribbons are available in several color combinations. Presentation boxes are available for all size medals. All medals must be quoted based on the method of production, material and finish. Please send us your specifications and we will quote the item the same day.

Custom Photo Etched Brass Soft Epoxy Enameled Insert Medallions

These brass emblems and insert medallions are for mounting on plaques, trophies, desk items, medals and name badges. The thickness is .020" (0.50mm). We chemically etch the brass and fill in the recessed areas with epoxy enamel. For fine line detail, which is usually required for small letters, we print on top of the enamel. The brilliant, vibrant enameled colors on brass make this process a favorite with the military and government agencies. We can also make a completely printed emblem with no enamel. The sizes available range from 1/2" up to 6". All emblems and inserts come with a peel off adhesive back. Prep charges and minimum quantities will apply. Quotes will be given the same day upon request.

Custom Photo Etched Brass Soft Epoxy Enameled Insert Medallions

Licensed Military Insignia

The insignia below are die struck in jeweler's brass and electroplated in gold or silver. The enamel is either hard stoned epoxy or fired in an oven to the hardness of glass. Both methods then require stoning and polishing. As these pins are worn by the military every day, they require extra deposits of gold and nickel as well as hard soldered findings. All pins shown have been approved by the U.S. Army Institute of Heraldry under our Hallmark registered number C31. The dies are supplied by the heraldry and we make the cutters which will be charged in the quote. Inquire if we have the cutter already made. Pricing will be based upon quantity, size and the number of colors. Quotes will be given the same day upon request.

Licensed Military Insignia

Custom Military Embroidered Patches

The military patches below are all domestically made and licensed by a division of the U.S. Army Heraldry. Most of the patches below are 100% embroidered. Options for the backside of the patch include heat sealed backs, felt backs, Velcro backs and adhesive backs. Pricing will be based on the quantity, size, number of colors, number of stitches and the backside options. Upon request we will quote you the same day. In most cases production time is approximately four weeks.

Custom Military Embroidered Patches

Custom Two-Sided Challenge and Commemorative Coins

The coins below are either die struck in brass and bronze or die cast in zinc. For die struck coins, we make two-sided dies. For die cast coins, we make two-sided steel molds. Both processes produce commemorative quality coins with exceptional detail. Die struck coins will be more expensive than die cast zinc coins because of the material used. The variety of finishes and plating options are endless. Finishes include antique brass, pewter, or bronze, sandblasting, polishing the high points and diamond engraving the borders. In addition, soft epoxy enamel or hard stoned enamel can be added to the coin. Consecutive numbering is also available. The cost of dies and molds will depend on three-dimensional or two-dimensional images. The most popular sizes are 2", 1 3/4", and 1 1/2". We can make coins up to 3" in diameter. The options are endless, requiring a quote based upon the above specifications and quantity. Your request will be quoted the same day.

Custom Military and Government Plaques

The variety of plaques below represent several different manufacturing methods. Some of them are made under contracts with individual agencies and military units. The boards include genuine walnut, walnut finish, piano finish rosewood, cherry boards and a black piano finish board. The medallions and emblems are either die cast three-dimensional, etched soft enameled brass, or die struck stamped. We can supply any color engraving plate needed. In addition, we do all the personalization for each plate. Additional size boards are available. Pricing will be based on quantity and method of production. We will provide a quote the same day based on your specifications.

Custom Military and Government Plaques

Cast Plaques, Tablets & Etched Plaques

The bronze and aluminum plaques shown below are cast in sand. They are for indoor or outdoor use. On average, aluminum plaques are about 25% less money than bronze plaques. The borders can be straight or beveled, also single line or double line. The raised area of the plaques has a metal satin finish. A high polished finish requires an additional charge. The background, recessed area comes with one standard color of stain. Additional background finishes are available at an additional charge. All plaques are furnished with mounting hardware. Rosette mountings are available. Please specify what hardware is required for mounting to a solid wall, hollow wall, wood wall, or concrete. Two-dimensional logos can be supplied as well as three-dimensional modeled images at an additional charge. Portrait sculpted high relief images are also available at an additional up-charge. Please submit your request for quote within 24 hours, in some cases less time.
