The Resideo Advantage – LTE Communicators

Honeywell Home LTE communicators, when paired with Honeywell Home panels, sensors and services deliver:

- Optimized reliability and installation peace of mind
- Improved quality and simpler installations
- Maximum dealer efficiency that reduces support call confusion

Cost Benefits

Labor Savings: Increase service efficiency with one-stop support of Resideo's end-to-end solution vs. a multi-vendor offering. Example: $8 savings based upon eliminating additional five minute support call. (Service labor valued at $100 hourly).

Service Management Efficiency: Maximize service personnel with AlarmNet 360™ Insights. One additional service call (approximately $150) within a work day based upon optimizing service activity with Insights location and diagnostic data.
